**Tutorial SORB<sup>®XT</sup> DCR-XS**  
**Absorption of formic acid**

As you can see in the tutorial, a leak is contained with formic acid and then absorbed by the **SORB<sup>®XT</sup> natural fiber** without leaving any residue.

## **WE WANT TO GET OUT!**

### **Tyrolean mountain tour from 03.06. – 06.06.21**

As a special experience we would like to take you on a 4-day hike through the magnificent mountain scenery of the Kaisertal. You can expect an unforgettable nature experience with great contacts, lots of fun but also a challenge. The number of participants is limited to 10 people.
