

SORB[®]XT Stain Solution Pro ECO

Highlights
April 2021

Improved formula - now even more ecological!

The new Stain Solution Pro ECO can be used immediately due to the improved formulation. Due to the new mixture and composition, we guarantee a consistent product quality with only very low water pollution (WGK 1).

CLEAR ADVANTAGES!

Stain Solution Pro ECO is

- biological
- pH-neutral
- can be used immediately
- odorless
- productive
- non-flammable

Please do not hesitate to contact us.

Request now!

The **pH-neutral** cleaner professionally removes contamination through oil products and tenacious dirt from porous as well as hardened surfaces such as concrete, paving stone, natural stone, plastics, metal etc.. Due to the NSF certifications A1 and A8, the cleaner can also be used in the food industry.

Nonfood Compounds
(A1, A8)
