

Not toxic FOR FISH AND ALGAE

TESTED BY THE HYGIENE INSTITUTE OF THE RUHR REGION

[Check out the LC50-Report](#)

Safety for our environment, waters and fish!

LC50 is a measure of how toxic a substance is to living organisms. A substance is classified as dangerous if 100 mg/L of the material is present in the water and 50% of the animals die. The test of our multi-absorber SORB®XT showed that only a concentration of around 50,000 mg/L reaches this point and poses a risk to fish and algae. Our standards exceed these requirements by far.

We are proud to offer a binding agent that is not only effective, but also protects the environment! Extensive testing has confirmed that our product is non-toxic to fish and algae. You can count on us for a safe and environmentally friendly solution!

We are at the Eisenwaremesse!

Visit us at the upcoming EISENWARENMESSE – International Hardware Fair in Cologne! Stop by our stand, see our live shows and experience our products for yourself.

03.03. – 06.03.2024
Hall 11.2 Stand N080

**INTERNATIONALE
EISENWARENMESSE
KÖLN**

**LUBRICANT
EXPO** NORTH AMERICA

We are in the USA!

We're packing up our innovative products and our team of absorbent experts and getting ready to conquer the show floor at Lubricant Expo North America in Detroit, Michigan. We promise to not only grease your palms with information, but also with a good dose of entertainment!

19.03. – 21.03.2024
Stand 215 Detroit, Michigan

Industries

Where is SORB®XT being used?

Many of our users are active in a wide range of industries:

- oil and gas/energy
- chemical industry
- occupational safety and personal protection
- maintenance and repair
- large and heavy industry
- automotive
(car manufacturers and garages)
- royalties
(THW, fire brigades, building yards, local authorities, armed forces...)
- maritime/Shipping
(harbour and waterway use)
- pulp and paper
(paper industry, manufacturers and recyclers)
- food industry

What about you?

Let us know in which industry you successfully use our solutions!

SORB®XT at the Megamarch on Mallorca!

No distance is too far for us!

Thanks to SORB® & donors! Donation target of €1,000 exceeded!

At the weekend Torsten finished the 50km-trail "Megamarsch 50/12 on Mallorca" with the aim of collecting donations for homeless people and addicts.

Despite the rain, he mastered the challenge!

"There is no bad weather, just bad clothing"

- with this attitude and domors' support, he would have had 12 hours but he could reach the finish line after only 8h, 23min. Driven by the exchange with other runners, Torsten showed that commitment and a good cause can move mountains.

An amazing achievement! Would a run like this be something for you, too?
